

PEACE NNOROM

(+234) 913-139-9569

Lagos, Nigeria.

EMAIL: nnorompeace14@gmail.com

I'm a motivated and detail-oriented Full Stack Development graduate with hands-on experience in designing, developing, and deploying responsive web applications. Proficient in front-end and back-end technologies, with a passion for creating user friendly and scalable solutions.

EDUCATION

IMO STATE UNIVERSITY, OWERRI

Bachelor of Science, Psychology (4.37/5.0)

Sept, 2019 – Sept, 2023

Gained a strong foundation in Human behavior, Cognitive processes, and Research methods. Became proficient in statistical analysis, research design, and psychological assessment. Adept at applying theoretical knowledge to real-world problems, with a passion for promoting mental well-being and positive social change.

CERTIFICATION

BABTECH COMPUTERS, LAGOS

(Certified by Skill Development Council, Canada)

Certificate in Full Stack Development

March – December 2024

Completed an intensive program in full-stack development, gaining hands-on experience in designing, developing, and deploying web applications. The program covered a wide range of topics, including front-end development with HTML/CSS, JavaScript, React, and Responsive Web Design. I also learned back-end development with Node.js, Express.js, Database Management using MongoDB, and API Design.

PROFESSIONAL EXPERIENCE

TRAVEL INN BOOKINGS, LAGOS

Full Stack Developer (Intern) October – December, 2024

- Collaborated with the development team to design and implement dynamic web applications.
- Enhanced UI/UX by developing reusable components using react and tailwind CSS.
- optimized backend performance by refactoring APIs in node.js and MongoDB

PROJECTS

[Go Ride https://go-rideng.netlify.app/](https://go-rideng.netlify.app/)

Built a responsive ride hailing web application and platform with firebase backend and Paystack integration. This was achieved using robust technologies such as Javascript and CSS. Also integrating payment gateways, real-time location updates, and user feedback features to connect riders with drivers and enable seamless booking, payment, and tracking experiences.

[Meezaktaskmanager.vercel.app](https://meezaktaskmanager.vercel.app)

Developed a React-based task management application built with Tailwind CSS and Firebase, enabling users to manage tasks and track progress through dynamic dashboards. The app features user registration and authentication, task assignment and monitoring for administrators, and personalized dashboards for users. Built using React, Tailwind CSS, and Firebase, this application showcases my skills in front-end development, user interface design, and backend integration.

[Portfolio Website https://nnoromportfolio.netlify.app/](https://nnoromportfolio.netlify.app/)

Built a personal portfolio website showcasing projects and skills using HTML, CSS, Javascript and React.

TECHNICAL SKILLS

- **Programming Languages:** JavaScript, HTML, CSS
- **Front-End Frameworks:** React, NextJs, Tailwind CSS, Material UI
- **Back-End Technologies:** Node.js, Express.js, NestJs
- **Database Management:** MongoDB, Firebase, MySQL
- **Version Control:** Git, GitHub

- **Other Tools & Technologies:** RESTful APIs, Postman, Docker, Web socket, Redux
